I recommend the book War Horse. It's about a working farm horse that gets sold to the army during one of the world wars, while the horse is away, he finds multiple new friends that are soldiers and one is a horse and many more.

A walk to remember
The book is about a young high school love story. Where the boy secretly falls in love with the girl hiding it from all of his friends because he is "too cool" for her. I recommend this book to all those who like love story's, it will be one to remember.

A WALK TO REMEMBER

The Blood of Olympus
The blood of Olympus is based on Greek mythology. The blood of Olympus is the fifth book in the second series by Rick Riordan. In this book 7 demigods which is half human, half god are sent on different quest to stop the evil earth mother who's trying to destroy the gods and the world. There are many life threatening obstacles they have to over come to defeat the earth mother. If you like reading bout action, and fantasy then I recommend checking out all the series by Rick Riordan.
